

Instructions for Church Gatherings via the Internet: Zoom

We have a Zoom account. The Annual Conference offered each church access to the conference's commercial account for \$50 for until January 2021.

If you have a **device with internet access** and a microphone and speakers, you can use one of the links below for the gathering you wish to attend. Each gathering will have a Meeting ID. This ID is the important piece of information you need to join the gather with by computer or phone.

The link begins with: <http://greaternw.zoom.us/>

You don't have to have a camera.

If you have a **device without internet access, microphone and speakers**, you can still join via phone. Call 253 215 8782 . When it asks for a meeting 9 digit id: XXXXXXXXX# at the end of the meeting ID hit the # sign.

If you have a computer without a microphone, you can join by both computer and phone. Then you'll be able to see us, but we won't be able to see you. And we'll all be able to hear each other.

Since the account is associated with the church's email account, you will see that the host of the meeting is Pastor Pam. As the host, Pastor Pam can control the video and the sound for each participant. **The default is open microphone and open video.** *Just remember that would you see on your computer is exactly what/who everyone else sees.* —However, you can mute your camera and microphone at your home.

This Sunday and throughout the next week, the church will host gatherings.
The list is below:

Today: Fellowship Time—via Zoom or Telephone:

Meeting ID: 263308341

Copy into your web browser: <https://greaternw.zoom.us/j/263308341>
